33rd Annual Trade Show & Training Symposium
Thursday August 15th, 2019
Finley Community Center - 2060 West College Ave., Santa Rosa, CA
Class Schedule

Track 1

- 9:30 – 11:00 **Jar Testing** **Presented by: NTU Technologies**
The process of performing a jar test for treatment optimization.
- 1:00 – 3:30 **Regulatory Update** **Presented by: Zachary Rounds, WaterBoards**
An update on upcoming and recent changes to drinking water regulations and a variety of thoughts and observations about inspections from Drinking Water staff.
- Harmful Algal Blooms and DDW** **Presented by: Jason Carter, WaterBoards**
An overview of harmful algal blooms, why DDW is interested, and a look into cyanotoxin management plans.
- Lead and Copper Sampling** **Presented by: Matt Foster, WaterBoards**
General lead and copper sampling requirements, site selection, sample collection, and how to respond to elevated results.
- 3:30 – 4:30 **Water Well Maintenance: The Importance of Being Proactive** **Presented by: Daniel Eisenberg, Suez Advanced Solutions**
Basic overview of water well construction, operation and technologies used for proactive maintenance to maintain well capacity.

Track 2

- 9:30 – 11:00 **Functions of Automatic Control Valves in the Water Industry** **Presented by: Joe Passalacqua, Cla-Val Company**
An overview of the many applications that automatic control valves can be used for in your water distribution system or treatment facilities.
- 1:00 – 4:30 **Fire Hydrant & Gate Valve Operation and Maintenance** **Presented by: Eric Benson, Clow Valve Company**
An in depth look at how hydrants and valves are constructed and how they should be maintained.

Track 3

- 9:30 – 11:00 **Type 2 RPDA Backflow Prevention Assemblies Testing Procedures** **Presented by: Backflow Distributors, Inc.**
1:00 – 2:30 This course is lecture and hands-on training and provides the testing procedures for Type 2 backflow prevention assemblies. Participants will learn how to test and troubles shoot the type 2 backflow preventer. This class will review the rules, codes, and regulations on this assembly.
- 2:30 – 4:30 **Examples of Water/Wastewater SCADA Using the Cloud & Mobile Digital Rounds/Data Collection** **Presented by: Mike Llapitan, Wonderware California**
